1/4

Symbols	Description	Symbols	Description
	Male connector, plug NEMA System		Socket connector, plug NEMA System
	Male female connection		Double male female connection
	Male connector, plug generic symbol IEC System		Socket connector, plug generic symbol IEC System
	Bipolar male connector		Male female connection
	Male coaxial connector		Female coaxial connector
	Connecting with like connectors		Connecting 3 connectors Connecting multipolar
	Male male connection		Connecting 3 connectors Connecting multipolar
	Male female connection		Male with male connection socket
	Bipolar connection jack		Three-pole jack connection

Symbols	Description	Symbols	Description
	Jack socket		Jack socket
	Jack socket		Jack socket
	Jack socket		Jack socket bipolar
	Jack socket bipolar		Jack socket bipolar
	Non-polarized male connector		Non-polarized male connector
	Socket unpolarized		Socket unpolarized
	Polarized male connector		Socket polarized
	Socket polarized		Socket polarized
	Dot and dash connector		Contact

Symbols	Description	Symbols	Description
	Male plug to the grid		Plug to the mains socket with earth
	Single phase connector		Power connector in building
	Three-phase connector		Connector for three phase building
	Base Three-phase and grounding		Socket with earth
	Base power connectors 3 socket		Base power connectors 3 socket
	Power connector with electrical transformer		Power connector with obturator
	Power connector with switch of locking		Connector socket with SPST switch
	Power socket with protective conductor		Telecommunications connector
	Fixed part of plug		Moving part of a plug
